Various fixings possible for all types of table bases. Our OGFA (One Groove Fits All) system allows you to put almost any base in place. There are also inserts available for M6 screws - we just need a drawing with the distance between the holes from the base flange.

PACKAGING

- ★ Single & Two piece packing available
- ★ Bulk packing also available

PRODUCT

Neocompact top is made of HPL, a very strong material using an advantage technology of the multi head numeric controlled machine, using a milling or a specially designed cutter which guarantees maximum precision and a perfect finish. These are non porous surface that makes it easy to clean and maintain a good hygiene. Just a daily cleaning with damp cloth is enough

These tops can with stand Scratches and Temperature changes. These are Water Resistant, Colour Fast, Environmental Friendly, Impact Resistant, Rot Resistant, Flame Resistant, Heat Resistant and Mould Resistant.

PREVENTION

- Direct contact of hot surfaces should be avoided. Better use a pot holder.
- Avoid direct cutting on surface by a sharp object to prevent scratches.
- Avoid using aggressive cleaning agents. These panels can withstand normal soft cleaning agents
- Avoid shoving heavy and hard objects such as beer and shopping crates
- Avoid covering the top with a protective cover which may cause permanent stains due to weathering, suffocation or moulds. Let the top breath normally.
